

Claims Seminar: Examples and Risk Solutions

This seminar with Cos Cirocco and Adele Monaco considers a number of issues arising out of two recent claims dealing with:

- The Engineer: the importance of peer review
- The Architect: non-compliance with the Building Code of Australia

At the conclusion of each claim, consideration will be given to risk management tools which may be applicable to reduce the likelihood of such claims occurring in the future.

When: 12:30pm-2pm Friday 23 June

Where: Institute of Architects, 1/19a Hunter St, Hobart

CPD: 1.5 formal points

Cost: \$15
