## Introduction to ISO9001 Quality Management Systems

Presented by Adam McDean & Barry Fairman

Join us as Adam McDean and Barry Fairman from QMS Certification Services present an introduction to ISO9001 quality management systems. This seminar will cover the major requirements of the ISO9001 standard, issues and key points when moving from DTFSPC to ISO9001, the requirements for 3rd party QA, and determining 3rd party accreditation costs to practices (i.e. the cost of the QMS service to individual practices).

# Location

This class is worth 2 formal CPD points.
